Re: Review of Reduced Phase 1 Proposal, Nevada Star Resource Corp., OK Copper Mine, M/001/039, Beaver County, Utah

Dear Mr. Hedberg:

This is in response to your letter of July 27, 1999 to Rick Havenstrite. I am assuming the responsibility for permitting for the OK project. Rick, who is also a director of Nevada Star, will continue to monitor procedures and results on the project.

In your letter, you asked for further information in four areas:

1. A description of the areas to be mined during Phase P1A operations.
2. A map outlining areas proposed to be disturbed.
3. A cost estimate for reclaiming the disturbed areas.
4. An updated map of disturbed areas.

These issues are all covered in Rick's permit application, as amended. No disturbance has occurred in the permit area since the map showing disturbed areas was filed.

If you need further information, please contact me.

Sincerely,

Stuart Havenstrite
Director, Nevada Star
